## TESTIMONIALS

“

*“I really like my new 6’0 mower. The gooseneck hitch works great around corners. It seems to be a low maintenance mower and my meadows are now nice and green with no weeds. The three foot high grass mowed better than I had hoped. The mower is awesome! I highly recommend it.”*

– Amos King, Solanco Stables

*“I look forward to cutting my pastures this coming summer.”*

– Daniel Y.

*“Very happy with the mower. Functions, engine, looks, everything.”*

– Omar F.

*“I feel the Grass Hippo is a well built machine and fills a need within the plain churches. I have a team of 1/2 Percheron All Purpose horses and they handle the 5 ft. mower with ease.”*

– William M.
